Before becoming a Freelance Hair & Makeup Artist, I started my career at Channel Nine in Adelaide. I was involved in many projects there and later with other Networks as a Freelancer.

I have a solid base of experience in News, Current Affairs, Sport Telecasts, Children's TV, Reality and Event Work. And I still love getting back to this part of the industry in between longer Series and Film Contracts. I also enjoy the variety of the occasional foray into Theatre, Commercial and Corporate Arenas.

In early 2019 I relocated to Melbourne and have continued to work in all these areas of the industry albeit with covid delays.

I regularly update my knowledge, in particular recently with the latest Covid Safety Protocols and am Fully Vaccinated. I am a qualified Hairdresser and Makeup Artist, hold a Diploma in Art and also have Management Experience and Training.

I am committed to working as a team member, delivering professionalism, confidentiality, flexibility and creativity on every project I work on. References and Certifications are available on request.
